

**ASCLD/LAB – International
Calibration Preparation Course
Information/Schedule**

ASCLD/LAB-*International*®

Preparation Course for Calibration Labs

Course description: This course has been designed to assist calibration laboratory personnel to prepare for ASCLD/LAB – *International*. ISO 17025:2005 and ASCLD/LAB – *International* Supplemental Requirements for Calibration Labs will be reviewed and preparation exercises will be provided. This program will serve to provide the attendees with a better understanding of the types of planning and activities which may be considered in order to prepare for the formal application and external assessment process. This program is designed to supplement internal management practices which a laboratory should have in place to support ASCLD/LAB – *International* preparation activities. An attendance certificate will be mailed to the student.

This training will begin immediately following the Intoxilyzer User's Group conference at the Luxor Hotel in Las Vegas, Nevada.
