

The Las Vegas Metro Police Department and Washoe County Sheriff's Office will be hosting the 2009 Intoxilyzer® Users Group Conference. This year's event will be held at the Luxor Hotel in Las Vegas, Nevada.

What started as a small group of committed individuals seeking to further their knowledge has grown into an internationally recognized group. The Users Group has helped to develop DUI strategies, suggest innovative equipment design and applications, influence legislative concerns and focus public awareness on a major problem, not just in the transportation and enforcement communities, but in many other societal circumstances.

The Las Vegas Metro Police Department and the Washoe County Sheriff's Office extends an invitation to all recognized users of Intoxilyzer® breath alcohol testing instruments to attend the 25th Annual Intoxilyzer® Users Group Conference.

The "Luxor Hotel" in Las Vegas has worked hard to offer their fabulous

accommodations at a very competitive rate. Room rates are \$79.00 plus taxes per night plus a \$5.00 service fee. Contact the Luxor Hotel reservation department at 1-800-288-1000 for room reservations. You must mention that you are attending the Intoxilyzer® Users Group to receive the group rate.

A planned group activity for all attendees will be on Monday night from 6:00 pm to 8:00 pm at the Excalibur Hotel. We will attend the Tournament of Kings show that includes dinner. Additional tickets can be purchased for spouses and additional family members to attend.

The Las Vegas area is serviced by the McCarran International Airport. Rental cars are available at the airport. Airport shuttles are available at a nominal fee to and from the hotel. Current round trip pre-paid price for the shuttle is \$12.00. Once at the Luxor, most everything is within walking distance or accessible by the tram.

TENTATIVE SCHEDULE

Sunday September 13

2:00pm–5:00pm Registration
6:00pm–10:00pm CMI hosted reception

Monday September 14
